

**THE ART OF  
MIXOLOGY**  
SHORT COURSE

# THE ART OF MIXOLOGY

## COURSE DESCRIPTION

Whether you want to work in a bar or show off your skills at home, this short course introduces you to the fascinating history of cocktails and bartending, from the pre-prohibition era to today's fantastic creations.

Through the course you will gain knowledge and practical skills to enable you to understand the components of any drink, the chemical composition that influences color, flavor and taste. This will also include the art of stirring, muddling and layering, with the fair. Through theoretical and practical applications, this course gives you the knowledge to be a mixologist.

## COURSE OBJECTIVE:

- Upon successful completion of the course, the student will be able to:-
- Understand the basic tools and equipment used in the bar
- Understand the importance of hygiene in the bar
- Understand the various categories of beverages
- Understand the preparation methods for cocktails
- Apply and prepare cocktails using the following methods:
  1. Shaking
  2. Blending
  3. Building
  4. Stirring
